## Product summary

# ENGINE COOLANT

**Part numbers:** ZFGCC36082HP (4l), ZFGCC36083HP (10l), ZFGCC36084HP (20l), ZFGCC36085HP (208l) and ZFGCC36086HP (1000l)

### The new global benchmark in coolant technology!

- ✓ Extended life coolant with 500,000 kilometre or 6,000 hour service interval and 1.5 million Kilometre or 20,000 hour life with good maintenance
- ✓ Non-Nitrite formula that provides advanced liner pitting, scale and corrosion protection
- ✓ Provides freeze protection
- ✓ Compatible with ALL coolants
- ✓ Meets global OEM specifications for Nitrite, Amine, Phosphates and Silicate Free formula

**HIGHWAY PLUS**  
TRUCK, BUS & TRAILER PARTS

**Heavy Duty, Pre-mixed Coolant 4L**  
ZFGCC36082HP

**Heavy Duty, Pre-mixed Coolant 10L**  
ZFGCC36083HP

**Heavy Duty, Pre-mixed Coolant 20L**  
ZFGCC36084HP

**Heavy Duty, Pre-mixed Coolant 208L**  
ZFGCC36085HP

**Heavy Duty, Pre-mixed Coolant 1000L**  
ZFGCC36086HP

## Technical specifications and information

### For use in all Diesel, Petrol, LPG, Natural Gas and Biodiesel engines

Safe for use with silicon seals and gaskets

Dangerous Goods Class - NONE

Hazchem Code - NONE

Poison Schedule No. - NONE

EPA Spill Reporting - NONE

Biodegradable - YES

Propylene Glycol is generally recognised as safe by the US Food and Drug Administration.

Propylene Glycol is commonly used in medicines, cosmetics and food products.

### Meets or exceeds all fully formulated heavy-duty specifications including:

TMC RP-330 (PG) - ASTM D-6210 (EG & PG) - ASTM D-3306 (EG & PG) - CID-A-A52624 - Waukesha® 4-1974D - Cummins® SB 3666132 - Cummins® CES 14603 - Caterpillar® - Detroit Diesel® 7SE298 - John Deere® 8650-5 - Case New Holland® - Navistar® CEMS B-1 - Freightliner® 48-22880 - Volvo® - PACCAR® - MACK® 014617004 - EMD M.I. 1784E - Komatsu® - MAN® 324 SNF - DAF® Standard MAT 74002 - IVECO®

### DO NOT ADD WATER.

HIGHWAY PLUS Engine Coolant is a heavy duty extended life coolant that can also be used in standard maintenance programs. For standard maintenance, simply use HIGHWAY PLUS Engine Coolant and change standard, non-chemical coolant filters at normal oil change intervals. Engine Coolant Extender (ZFGCC36091) every 500,000 kilometres or 6,000 hours or as needed.

### EXTENDED LIFE PROGRAM:

#### Topping Up

The engine cooling system can be topped up at any time with HIGHWAY PLUS Coolant.

#### Maintenance

After 500,000 kilometres or 6,000 hours check coolant quality using test strips (ZFGCC36089). Replenish the system with an addition of Extender liquid (ZFGCC36091) as needed and install a new non-chemical ESI Filter. To guard against dilution caused by water-only top ups, use test strips (ZFGCC36089) to monitor additive levels at least twice a year.

#### Benefits

- Low maintenance
- Excellent liner pitting protection
- Improves water pump life
- Compatible with all conventional antifreezes
- For all diesel, petrol, LPG, natural gas and biodiesel engines
- Meets North American, European and Asian specifications
